## Book Sides and Finishing

You can decorate the sides using Tim Holtz

You can decorate the sides using thin tissue tape, or as an alternative try the method below.

1. Cut some masking tape to length and stick it onto a non stick craft matt. Stamp on your design with Archival ink and allow to dry.

2. Peel the masking tape away from the non stick craft sheet and apply to the sides of the box.

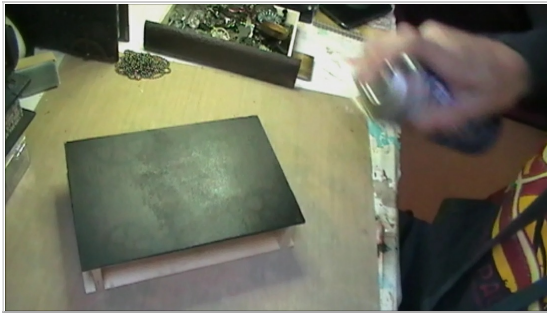

3. Make sure to wrap the edges of the tape to the inside of the box to stop the tape from peeling back.

To finish, either brush with Ranger glue and

seal matte, a multi matte medium or lightly spray with American Matte sealer/finish to the entire box.
